**June 16, 2025** – Galaxy Entertainment Group (“GEG”) recently won two prestigious awards at the Global Gaming Awards Asia-Pacific 2025 held in Manila, Philippines, including the “Integrated Resort of the Year” for its flagship property, Galaxy Macau™ integrated resort, and the “Casino Operator of the Year” for the second consecutive year. These recognitions from the international community are testaments to GEG’s outstanding achievements in promoting the sustainable development of both the integrated tourism and leisure, and gaming industries.

As one of the world’s leading integrated resorts, hospitality and gaming companies, GEG is committed to providing guests with an extraordinary world-class integrated resort experience, deepening Macau’s cross-border integration and development of “tourism +”, and enriching the city’s connotation as a World Center of Tourism and Leisure with its “World Class, Asian Heart” service philosophy. Currently, GEG brings together nine internationally renowned hotel brands, including the Capella at Galaxy Macau. Soft-launched in May, Capella at Galaxy Macau offers ultra-luxury sky villas and suites, setting a new benchmark for luxury accommodation in Macau. Moreover, Galaxy Macau features over 120 dining options from Michelin dining to authentic delicacies, the Grand Resort Deck – the world’s leading skytop water oasis, the Galaxy Promenade with over 200 international fashion brands, and two award-winning five-star spas. In addition, its world-class MICE and entertainment facilities, including the Galaxy International Convention Center and the Galaxy Arena, have introduced and hosted a variety of cultural, arts, sports and entertainment events in Macau that have been well received by tourists and residents alike.

GEG’s unremitting efforts to promote the healthy and sustainable development of the industry have been repeatedly recognized by various international and regional authoritative institutions. In the Forbes Travel Guide 2025, Galaxy Macau has been recognized for the third consecutive year as the top integrated resort globally with the most Five-Star rated hotels under one roof. Meanwhile, Galaxy Macau also received the “Best Integrated Resort” and “Best Overall F&B Offering by an IR” at the 2024 IAG Academy IR Awards for the second consecutive year, while the Raffles at Galaxy Macau received the “Best Hotel Attached to an IR”, along with other accolades, making GEG the most awarded integrated resort operator in Macau at the awards ceremony. Furthermore, GEG has received numerous accolades from the International Gaming Awards – the “Oscars” of the gaming industry – for 14 years, including the “Sustainability Award” for two consecutive years. Moving forward, GEG will continue to strive for excellence in the overall development of the integrated tourism and leisure industry and support Macau’s economic diversification.

The Global Gaming Awards Asia-Pacific is one of the industry's most prestigious awards, judged by a professional panel of more than 30 senior executives from across the Asia-Pacific region.
