Ticket sales at the event also raised MOP\$125,000 and the proceeds were donated to Macau Deaf Association to support its community work.

In an effort to promote social integration of people with disabilities in the community, GEG specially invited members of Macau Deaf Association to participate in the kickoff show to perform a song in sign language together with the GEG volunteer team. Joining the sign-language choir on stage were Mr. Francis Lui, Vice Chairman of GEG and Ms. Eileen Lui, Director of Human Resources & Administration, who sang the song along with the audience during the performance. With gratitude towards GEG’s effort in helping people with hearing impairment, Mr. Wong said, “The members of the association were all very excited when they found that they were being invited to perform for the show. I would also like to give my special thanks to the GEG volunteers for their effort in learning sign language. I am sure this performance would help to increase public awareness about the need of people with hearing impairment.”
