GEG Team Members Give the Gift of Life by Donating Blood

Photo Captions:

P001: Galaxy Entertainment Group (“GEG”) organized an annual Blood Donation Day at Galaxy Macau™ and StarWorld Hotel where approximately 150 team members registered and participated enthusiastically in the three-day event. Believing that the blood drive is very meaningful, a participant encourages her colleagues to join every year.

P002: With the growing number of expatriates in Macau in recent years, the demand for negative blood types is on the rise. The event attracted enthusiastic participation from approximately twenty overseas team members who hope to ease the shortage of Rh negative blood types, and express their concern and sense of belonging for the Macau community.

P003: In order to express gratitude to participating team members, GEG purchased souvenirs from Fuhong Society of Macau again this year. Using the blood droplet as their theme, the members of Fuhong Society of Macau hand-made various adorable paper clips. Through purchasing their hand-made creations, GEG supported the members' development of potential through artistic and creative events.
