“As a good corporate citizen, GEG is committed to localization and over the years, the group has made significant progress in creating many employment opportunities for Macau citizens,” said Ms. Eileen Lui, Director of Human Resources and Administration of Galaxy Entertainment Group. “The Recruitment Fair is an ideal platform for us to identify local professionals and talent to meet

our current construction demands and we hope that this event will help us bring over 1,000 local construction talents to the GEG family. With the opening of Galaxy Macau in early 2011, GEG is also looking forward to creating more job opportunities for the entire Macau labor market.”

Debuting in early 2011, Galaxy Macau is built with Asian Heart.
